

EVALUATION OF CONTINUING MEDICAL EDUCATION ACTIVITY

Jointly Sponsored by the University of California, Irvine School of Medicine and SCI

Name: **Dialogues in GOUT (ON-LINE)**
Module 2: Best Practices in Managing Established Gout

Date: **February 2 and February 11, 2010**

1. Overall evaluation of the activity: Excellent Very Good Good Fair Poor

2. Quality of the educational content: Excellent Very Good Good Fair Poor

3. Was this activity responsive to your needs? Yes No

4. Was this activity relevant to your practice? Yes No

5. Did this activity increase your knowledge and/or skills in delivering patient care? Yes No

6. Were the following objectives met?

Yes No A. To make an in-office diagnosis of gout based on the patient's symptoms and clinical presentation and to recognize 'red flags' which may necessitate referral to a rheumatologist for further investigations

Yes No B. To describe the management of acute gout flares and the appropriate use of prophylactic treatment such as NSAIDs or colchicine

Yes No C. To identify that the long-term goal of treatment is to reduce serum urate to <6.0 mg/dL and to define the key steps in selecting and individualizing urate lowering therapy according to the disease stage; together with recognizing the importance of monitoring serum urate levels

Yes No D. To educate patients that an important factor in successful management includes their long-term commitment to adherence with the recommended life-style and drug interventions

Yes No E. To explain how gout management may require modification in special patient populations who have various co-morbidities

7a. In your opinion, were any presenters biased in their discussion of any commercial products or services?

Yes No

7b. Please elaborate: _____

8a. Issues in cultural and linguistic competency (e.g. differences in prevalence, diagnosis, treatment in diverse population; linguistic skills; pertinent cultural date) were adequately addressed in this activity?

Strongly Agree Agree Neutral Disagree Strongly Disagree

8b. Resources on cultural and linguistic competency have been included in your materials. How can we further meet your educational needs in this area? _____

9. How will you change your clinical practice as a result of this activity? _____

10. Which topics were the most useful? _____

11. Which topics were the least useful? _____

12. Please suggest other topics that should be covered in future activities. _____

13. Other comments: _____

Degree: MD or DO: _____ Specialty: _____

Resident: _____

Other (please specify): _____
